PROFESSIONAL SUMMARY

Mobile App Developer with expertise in Flutter, REST APIs, and Firebase, complemented by full-stack web development experience using MERN stack, PHP, and MySQL. Proven track record of building scalable, high-performance applications with strong focus on user experience and code quality.

TECHNICAL SKILLS

Mobile Development: Flutter, Android (Java), Dart, Firebase, REST APIs

Web Development: JavaScript, React, Node.js, Express, HTML, CSS, PHP, WordPress

Databases: MySQL, MongoDB, Firebase Realtime Database

Tools & Technologies: Git, MERN Stack, RESTful APIs, UI/UX Design, Blockchain (Smart Contracts)

Platforms: Android, iOS, Web, Blogger, Google Sites

EXPERIENCE

Mobile App Developer

May 2024 – Present

Accolade Tech Solutions Pvt Ltd

OnSite

- Developed and maintained cross-platform mobile applications using Flutter, integrating REST APIs and Firebase for real-time data synchronization and cloud storage.
- Built full-stack web applications using MERN stack (MongoDB, Express, React, Node.js) and PHP with MySQL, ensuring scalable and maintainable code architecture.
- Implemented secure authentication systems, payment processing integrations, and real-time features for production applications serving thousands of users.
- Collaborated with cross-functional teams to deliver high-quality features within tight deadlines while maintaining code quality and performance standards.

Founder & CEO

June 2019 – Present

Ash Designs (MSME Registered)

Remote

- Founded and lead Ash Designs, an MSME-registered digital solutions company specializing in web and mobile app development.
- Oversee end-to-end project delivery, from client acquisition and requirements analysis to deployment and long-term maintenance.
- Develop custom, responsive web and Android solutions using Flutter, WordPress, Blogger, and Google Sites tailored to diverse client needs.
- Manage a team of collaborators and ensure high-quality deliverables aligned with client business objectives.

Flutter Development Intern

November 2023 – January 2024

Vricsa Technologies Pvt Ltd

OnSite

- Contributed to open-source Flutter projects, implementing new features and fixing bugs in production codebase.
- Collaborated with development team using Git version control and agile methodologies.

Android Development Intern

October 2023 – November 2023

Codsoft

Remote

- Developed Android applications using Flutter framework, focusing on UI/UX implementation and API integration.

PROJECTS

OTT Platform (Under NDA) | Flutter, Firebase, REST APIs, Video Streaming

2024

- Developed over-the-top streaming platform with video-on-demand services, supporting movies, TV shows, and live streaming.
- Implemented content categorization, advanced playback controls, user authentication, and seamless video streaming experience.
- Optimized video buffering and loading times to enhance user experience across varying network conditions.

- Media Network App (Under NDA) | Flutter, Firebase, Audio Streaming

2024

 - Built multimedia mobile application featuring live streaming, integrated Bible with audio narration, chapter-wise hymns, and music player.
 - Designed intuitive UI/UX for seamless navigation across multiple content types and media formats.
- Dental Association App (Under NDA) | Flutter, Firebase, Payment Integration

2024

 - Created specialized application for dental professionals with automated receipt generation and payment processing capabilities.
 - Developed custom features tailored to healthcare industry requirements and compliance standards.
- Builders Hub | Flutter, Firebase, MySQL

2023

 - Developed construction worker management Android application to streamline workforce coordination and project tracking.
- Share2Care | Flutter, Firebase

2023

 - Built donation platform mobile application enabling users to donate unused items, promoting community sustainability.

EDUCATION

St Joseph Engineering College <i>Master of Computer Applications – CGPA: 8.8/10.0</i>	Mangalore, Karnataka 2022 – 2024
St Philomena College <i>Bachelor of Computer Applications – Percentage: 92%</i>	Puttur, Karnataka 2019 – 2022

ACHIEVEMENTS & PUBLICATIONS

- Research Publication:** Presented paper on "Digital Voting System for India using Blockchain Technology" at International Conference DRISHTI-2023, Vivekananda College of Engineering and Technology (July 2023)
- National Cadets Corps:** A Grade Certification in NCC
- Rajyapuraskar Rover Award:** Awarded by Former Governor of Karnataka for excellence in Rovers and Rangers (February 2020)
- International Participation:** Participated in 35th National Rover Scout Moot, Sri Lanka (April 2021)
